## **Grand Tour Show Award**

## **POINTS**

Exhibitors will have points accumulated based on 100% of the total available SAILA & SAILA Sanctioned shows in a show year, and the one lowest score will be dropped by SAILA Management.

**Market & Breeding Classes:** Points will be awarded as follows: the number of points for 1st place will be equal to the number of animals in a particular class. Each subsequent exhibitor will receive one less point respectively. Ex. - In a class of 10, 1st place receives 10, 2nd receives 9, 3rd receives 8 and so on.

**Champion Points:** Grand & Reserve Champions will receive Ten & Five Points respectively in the market, prospect and feeder divisions, as long as there are ten animals competing within that division – i.e. 10 feeder lambs, etc. For all divisions that have 5 to 9 total animals, Champion & Reserve Champions will receive Five and Three points.

In the event that the Champion or Reserve should come out of a class with fewer numbers than other classes within the division (i.e. Feeder Lambs), the following will occur: The Champion will receive as many points as the highest placing animal in the largest class, plus the additional 10 points, with the Reserve Champion receiving 5 additional points. This will ensure that the animal deemed the most superior within a division will receive the most points.

**Breed Champions:** Breed Champions and Reserves will receive Five & Three points respectively. Each Breed Champion will receive 5 more points, and the Reserve - 3 more points, then the rest of the animals with a particular breed. If the breed champion or reserve champion comes out of a class with

fewer numbers than other classes within the respective breed; the champion and/or reserve will receive as many points as the highest placing animal in the largest class, plus the additional 5 and/or 3 points, unless they came out of the same class.

**Supreme Breeding Champions:** Supreme Champions and Reserves will receive Ten & Five points respectively. If there are 5 to 9 total animals within the division, Supreme & Reserve Supreme Champions will receive Five and Three points. If the Supreme or Reserve Supreme Champion comes out of a class with fewer numbers than other classes within the division; the Supreme Champion and/or Reserve Supreme will receive as many points as the highest placing animal in the largest class, plus the additional Supreme champion points, unless they came out of the same class.

Supreme Champion points will not be awarded if there are 4 or less animals within the division. i.e. - 4 total ewes in show - no additional points. Supreme points will only be awarded if two or more breeds are represented.

**Showmanship:** Participation Points – Each exhibitor will receive 2 points for participating in the Showmanship division. All showmanship exhibitors must show the animal that they exhibited in the breeding or market divisions. If exhibitor is found violating the rule they will forfeit all points, awards, prizes and premiums.

**Call Back Points:** Five points will be awarded to each exhibitor that is called back to a final round. There must be multiple lots of an age division before these points are awarded.

**Final Drive Points:** First place will receive points equaling the number of exhibitors in the final round, plus their initial participation and call back points. Second will receive one point less, third place two points less than first, and so on. Points will be awarded in this manner for the final drive and all exhibitors will be placed.
